

Setting Creation Steps

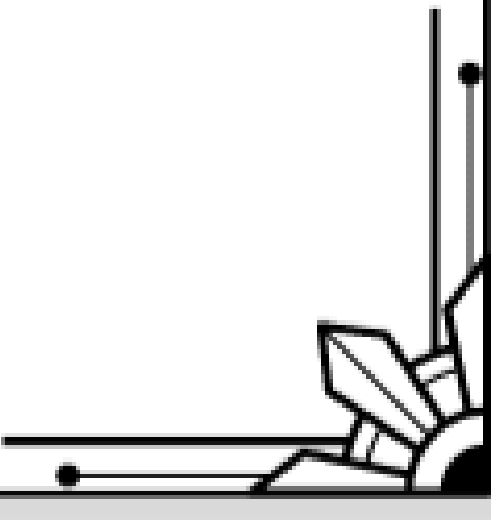

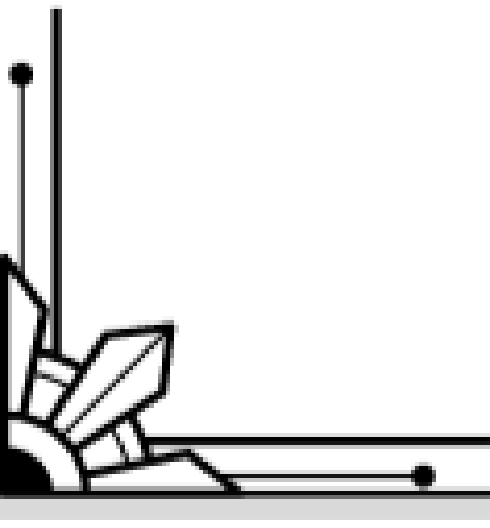

- 1) First, let's brainstorm ideas for a setting. Where would you like your story to take place? Write or draw a possibility in each circle, then once you've finished, put a star next to your favorite. Be sure to think about the type of story you want to tell. Is it fantasy, science fiction, spooky, or realistic? What settings would best suit your idea?
2. Namestorm! Set a timer for 5 minutes. Scribble down all the different name possibilities that you can think of. Do you like any of these? If yes - Cool! Keep it! If no - Try again! If nothing comes to you today, that's okay, too. Give it time! (if you are writing about a real place, skip this step).
3. Complete the setting planning sheet. Use your imagination, senses, and **HAVE FUN!**
